"National Community Health Center Week recognizes the important role of facilities like the Health Center in providing affordable, high quality, health care to all people, regardless of income," said Health Center Executive Director Frank J. Principi. "We encourage residents from all over the Greater Prince William Area to visit the Health Center and learn about our integrated and coordinated approach to health care."

For information about any of the Community Health Center Week activities, call the Health Center at 703-680-7950. You can also learn more about the Health Center at [www.GPWHealthCenter.org](http://www.GPWHealthCenter.org), on Facebook, Twitter and YouTube. The Health Center is a non-profit 501(c)3 organization that provides primary, prenatal, dental, and behavioral health services under one roof for the whole family.
