December 4, 2012

TO: Board of County Supervisors

FROM: Michelle A. Casciato

Management and Budget Director

THRU: Melissa S. Peacor

County Executive

RE: Response to Budget Proposals Presented on November 20, 2012

I. <u>Background</u> in chronological order is as follows:

A. Adopted FY 13-17 Five Year Plan – On April 24, 2012, the Board of County Supervisors (Board) adopted the FY 13-17 Five Year Plan and FY 13-18 Capital Improvement Program (CIP). The balanced Five Year Plan forms the basis for the analysis of the Board member proposals that follow.

- B. Resolution No. 12-514 Scenarios At their May 8, 2012 meeting, the Board of County Supervisors adopted Resolution 12-514 (Attachment A), directing staff to develop a series of seven budget scenarios ranging from a flat tax bill to a 5% tax bill increase in each year of the Five Year Plan. In addition to the scenarios, agencies were asked to identify unmet critical needs facing the organization over the next five years.
- C. <u>Organizational Response to Resolution No. 12-514</u> On October 2, 2012 the Board received a presentation on the seven budget scenarios. County activities were placed in one of three categories mandated by state or federal law, strategic priority, and community choice. On October 16, 2012 the Board received a second presentation on unmet critical needs. After each presentation, the Chairman requested that Board members be prepared to discuss proposals at their November 20th meeting.
- D. <u>Scenario Results</u> The revenue changes resulting from the various scenarios can be found in Attachment B. A flat tax bill, the most restrictive of the scenarios, results in an FY 14 revenue decrease of \$9,147,808 for the County and \$12,003,192 for the Schools. A 5% annual increase, the most generous of the scenarios, results in an FY 14 revenue increase of \$2,141,740 for the County and \$2,810,260 for the Schools.
- E. <u>Board Member Proposals</u> On November 20, 2012 Chairman Stewart and Supervisors Jenkins, Principi and Candland presented different proposals for consideration by the Board. Supervisors Caddigan, Covington, Nohe and May commented on the Chairman's proposal, but did not provide any specific proposal for consideration. Supervisor Nohe requested that the full time equivalent employee (FTE) impact be shown for each proposal.
- F. <u>Analysis of Proposals</u> Staff has done its best to understand the various proposals of the Board members and to analyze the impact on County agencies and the Schools both for FY 14 and the remaining years of the Five Year Plan. We understand there is a possibility that we misunderstood a proposal and look forward to any clarifications. The impacts below show both the surpluses that may be achieved by these proposals and conversely any deficits that must be addressed to make the proposals balance each year of the Five Year Plan.

II. <u>Current Situation</u> is as follows:

- A. Chairman Stewart's Proposal:
 - 1. <u>Tax Bill/Revenue Changes</u> This proposal is for a flat tax bill in FY 14 which results in a \$21 million reduction in general revenues.
 - 2. <u>Expenditure Budget Reductions</u> The Chairman proposes reductions in the subsidies to state agencies and to county activities identified as local choices, including donations to community partners. The specific impacts are found on Attachment C. By agency, these cuts include:
 - Public Health District \$3,675,760 (state)
 - o Community Partners (\$295,863 included in state total)
 - Free Clinic \$72,925
 - Northern Virginia Family Service \$128,714
 - Pediatric Primary Care Project \$20,453
 - PW Speech & Hearing Center \$69,988
 - Washington Ear \$3,783
 - Transportation \$1,960,822
 - Non-Departmental (2 holidays) \$900,000
 - Juvenile Court Service Unit \$626,372 (state)
 - Community Services \$582,030
 - Police \$520,000
 - Library \$360,362
 - Clerk to the BOCS \$310,177
 - Aging \$77,000
 - Economic Development \$25,000
 - Community Partners
 - o ENS Youth Mentoring Partnership \$33,357
 - o Healthy Families \$170,033
 - o Legal Services of Northern Virginia \$161,729
 - o Arts Grants \$241,000
 - o Sport Tournament \$10,506
 - 3. Expenditure Budget Additions No additions are proposed.
 - 4. <u>Program Shifts</u> One program shift is proposed to move Flory Small Business Center funding to the Industrial Development Authority (IDA).

- 5. <u>School/County Revenue Agreement</u> The proposal leaves the County/School revenue agreement unchanged. The School Board will need to find savings in the Schools budget to accommodate the \$12 million revenue reduction in their revenue.
- 6. Five Year Plan Impact The Chairman makes no specific proposal for tax bill policy or expenditures in FY 15-17. Since there are no specifics, staff assumed continued funding for capital and operating items in the adopted Five Year Plan including the Montclair and Gainesville Libraries, the Central District Police Station and the 2006 Road Bond projects. Any reduction in these projects would provide savings in the remaining years. The proposal results in the following change to the Five Year Plan:

	FY 14	FY 15	FY 16	FY 17
Five Year Plan Revenue	\$826,595,000	\$869,837,000	\$915,530,000	\$961,425,000
Proposed Revenue	\$805,444,000	\$847,589,000	\$892,009,000	\$936,467,000
Revenue Reduction	(\$21,151,000)	(\$22,248,000)	(\$23,521,000)	(\$24,958,000)
County Reductions	(\$9,654,000)	(\$8,154,000)	(\$8,154,000)	(\$8,154,000)
County Additions	\$0	\$0	\$0	\$0
School Reductions	(\$12,667,000)	(\$10,699,000)	(\$10,699,000)	(\$10,699,000)
School Additions	\$0	\$0	\$0	\$0
Proposal Total	(\$22,321,000)	(\$18,853,000)	(\$18,853,000)	(\$18,853,000)
Surplus/(Deficit)	\$1,170,000	(\$3,395,000)	(\$4,668,000)	(\$6,105,000)

7. Impacts of Chairman Stewart's Proposal:

- a. <u>Average Tax Bill Impact</u> This proposal results in an average flat tax bill of \$3,304 in FY 14 which is a \$132 reduction from the planned increase in FY 14. No proposals are identified for the remaining years.
- b. Revenue Impact The proposal reduces general revenues by \$21 million in FY 14.
- c. Principles of Sound Financial Management
 - <u>Balanced Five Year Plan</u> The Principles call for the adoption of a balanced Five Year Plan. Additional operating or capital reductions need to be identified to balance the remaining years of the plan.

- <u>County/School Revenue Agreement</u> The agreement remains unchanged.
- d. <u>Impact on Schools</u> The Schools will need to identify ongoing savings totaling \$12.7 million in FY 14.
- e. <u>Program/Service Impacts</u> The impacts of the proposed cuts to residents and community outcomes are found on Attachment C.
- f. FTE Impact The impact is as follows:
 - Reductions in County FTEs 23.86 FTEs are eliminated.
 - Reduction in State FTEs This is a decision for the Commonwealth if the decision is made not to fund state agencies to the current levels of service.
- g. <u>Legal</u> There appear to be no legal impacts of this proposal on the County budget. In accordance with the Code of Virginia, the Board adopts the Schools budget. The School Board is responsible for the allocation and oversight of the Schools budget in its entirety.
- h. Affordable Care Impact on Public Health District As noted by the Board, the Affordable Care Act has the potential to provide health insurance to residents of Prince William who currently use Public Health services. If Virginia decides to expand Medicaid eligibility, the number of county residents that may become eligible for Medicaid increases from approximately 36,000 to 49,000 (based on 2010 information). These residents then could potentially find care through the regular health care system. All eligible residents must meet federal citizenship requirements including valid social security numbers as well as proof of residency in the Commonwealth of Virginia.

B. <u>Supervisor Jenkins' Proposal</u>:

1. <u>Tax Bill/Revenue Proposal</u> – This proposal reduces TRIP funding while increasing the operating budget to fund unmet critical needs and would result in an average tax bill increase of 12.38% in FY 14 and an increase of \$44 million in general revenues.

- 2. <u>Expenditure Budget Reductions</u> One reduction of \$625,000 to the TRIP program is identified for FY 14.
- 3. <u>Expenditure Budget Additions</u> \$19.4 million in FY 14 budget additions are identified from the unmet critical needs list. The specific impacts are found on Attachment C. By agency, these additions include:
 - Parks and Recreation \$6,300,000
 - Police \$3,060,000
 - Fire and Rescue \$2,750,000
 - Registrar \$2,120,000
 - Community Services \$1,441,000
 - Public Works \$1,143,844
 - Information Technology \$610,000
 - Social Services \$608,139
 - Public Safety Communication \$523,000
 - Adult Detention Center \$317,400
 - At Risk Youth and Family Services \$250,000
 - Development Services \$125,000
 - Sheriff \$112,000
 - Planning \$50,000
- 4. <u>School/County Revenue Agreement</u> The proposal leaves the County/School revenue agreement as is and therefore increases the Schools FY 14 revenues by \$25.5 million. The School Board will identify how the increased revenues will be allocated.
- 5. <u>Five Year Plan Impact</u> Supervisor Jenkins makes no specific proposal for tax bill policy or expenditures in the remaining years. Since there are no specifics, the analysis assumes that this proposal continues to fund the capital and operating items in the adopted Five Year Plan including the Montclair and Gainesville Libraries, the Central District Police Station and the 2006 Road Bond projects. Any reduction in these projects would provide savings in the remaining years. The proposal results in the following change to the Five Year Plan:

	FY 14	FY 15	FY 16	FY 17
Five Year Plan Revenue	\$826,595,000	\$869,837,000	\$915,530,000	\$961,425,000
Proposed Revenue	\$870,849,000	\$916,694,000	\$965,071,000	\$1,013,994,000
Revenue Increase	\$44,254,000	\$46,857,000	\$49,541,000	\$52,569,000
County Reductions	(\$625,000)	\$0	\$0	\$0
County Additions	\$19,410,000	\$17,619,000	\$22,036,000	\$26,452,000
School Reductions	\$0	\$0	\$0	\$0
School Additions	\$25,469,000	\$23,119,000	\$28,914,000	\$34,709,000
Proposal Total	\$39,254,000	\$40,738,000	\$50,950,000	\$61,161,000
Surplus/(Deficit)	\$0	\$6,119,000	(\$1,409,000)	(\$8,592,000)

6. Impacts of Supervisor Jenkins' Proposal:

- a. <u>Average Tax Bill Impact</u> This proposal results in an average bill of \$3,712 in FY 14. This is a \$276 increase over the planned average tax bill, for a total increase of \$408 over the current tax bill. No proposals are identified for the remaining years.
- b. <u>Revenue Impact</u> The proposal increases general revenues by \$44 million in FY 14.
- c. <u>Principles of Sound Financial Management</u>
 - <u>Balanced Five Year Plan</u> The Principles call for the adoption of a balanced Five Year Plan. Additional operating or capital reductions need to be identified to balance the remaining years of the plan.
 - <u>County/School Revenue Agreement</u> The agreement remains unchanged.
- d. <u>Impact on Schools</u> The Schools gain \$25 million in additional revenue in FY 14.
- e. <u>Program/Service Impacts</u> The impacts of the proposed additions to residents and community outcomes are found on Attachment C.
- f. FTE Impact 91.5 County FTEs are added.

g. <u>Legal</u> – There appear to be no legal impacts of this proposal on the County budget. In accordance with the Code of Virginia, the Board adopts the Schools budget. The School Board is responsible for the allocation and oversight of the Schools budget in its entirety.

C. Supervisor Principi's Proposal:

- 1. <u>Tax Bill/Revenue Proposal</u> This proposal increases the budget to fund critical unmet needs which results in an average tax bill increase of 13.56% in FY 14 and an increase of \$50 million in general revenues in FY 14.
- 2. <u>Expenditure Budget Reductions</u> No budget reductions are included in this proposal.
- 3. Expenditure Budget Additions \$21.9 million are identified as FY 14 budget additions from the unmet critical needs list. The specific impacts of the proposal are found on Attachment C. By agency, these additions include:
 - Adult Detention Center \$6,437,056
 - Fire and Rescue \$3,287,500
 - Police \$3,185,000
 - Registrar \$2,120,000
 - Community Services \$1,441,000
 - Parks and Recreation \$1,300,000
 - Public Works \$1,143,844
 - Development Services \$675,000
 - Information Technology \$610,000
 - Social Services \$608,139
 - Public Safety Communication \$523,000
 - At Risk Youth and Family Services \$290,000
 - Human Resources \$160,896
 - Sheriff \$112,000
 - Planning \$50,000
- 4. <u>School/County Revenue Agreement</u> The proposal leaves the County/School revenue agreement as is and therefore increases the Schools FY 14 revenues by \$28.6 million. The School Board will identify how the increased revenues will be allocated.
- 5. <u>Five Year Plan Impact</u> Supervisor Principi makes no specific proposal for tax bill policy or expenditures in FY 15-17. Since

there are no specifics, staff assumed continued funding for capital and operating items in the adopted Five Year Plan including the Montclair and Gainesville Libraries, the Central District Police Station and the 2006 Road Bond projects. Any reduction in these projects would provide savings in the remaining years. The proposal results in the following change to the Five Year Plan:

	FY 14	FY 15	FY 16	FY 17
Five Year Plan Revenue	\$826,595,000	\$869,837,000	\$915,530,000	\$961,425,000
Proposed Revenue	\$877,330,000	\$922,847,000	\$971,577,000	\$1,020,000
Revenue Increase	\$50,735,000	\$53,010,000	\$56,047,000	\$59,473,000
County Reductions	\$0	\$0	\$0	\$0
County Additions	\$21,943,000	\$17,723,000	\$22,140,000	\$26,556,000
School Reductions	\$0	\$0	\$0	\$0
School Additions	\$28,792,000	\$23,255,000	\$29,051,000	\$34,868,000
Proposal Total	\$50,735,000	\$40,978,000	\$51,191,000	\$61,424,000
Surplus/(Deficit)	\$0	\$12,032,000	\$4,856,000	(\$1,951,000)

6. <u>Impacts of Supervisor Principi's Proposal</u>:

- a. <u>Average Tax Bill Impact</u> This proposal results in an average bill of \$3,751 in FY 14. This is an \$315 increase over the planned average tax bill, for a total increase of \$447 over the current bill. No proposals are identified for the remaining years.
- b. <u>Revenue Impact</u> The proposal increases General Revenues by \$50 million in FY 14.
- c. <u>Principles of Sound Financial Management</u>
 - <u>Balanced Five Year Plan</u> The Principles call for the adoption of a balanced Five Year Plan. Additional operating or capital reductions need to be identified to balance the remaining years of the plan. Any further reduction in the adopted average tax bill in the remaining years would have an impact.
 - <u>County/School Revenue Agreement</u> The agreement remains unchanged.

- d. <u>Impact on Schools</u> The Schools gain \$28.6 million in additional revenue in FY14.
- e. <u>Program/Service Impacts</u> The impacts of the proposed additions to residents and community outcomes are found on Attachment C.
- f. <u>FTE Impact</u> 93.5 County FTEs are added.
- g. <u>Legal</u> There appear to be no legal impacts from this proposal on the County budget. In accordance with the Code of Virginia, the Board adopts the Schools budget. The School Board is responsible for the allocation and oversight of the Schools budget in its entirety.

D. <u>Supervisor Candland's Proposal</u>:

- 1. Tax Bill/Revenue Proposal This proposal calls for an average flat tax bill in all years of the Five Year Plan which results in a real estate revenue reduction of \$21 million in FY 14 and \$207 million in FY 15-17. In addition, a \$5 million reduction in BPOL revenue each year is proposed, which is a total reduction of \$20 million from FY 14-17. The total revenue reduction from FY 14-17 is \$248 million.
- 2. <u>Expenditure Budget Reductions</u> The proposal assumes that \$39.7 million in expenditure reductions needed to achieve a flat tax bill in FY 14 will be cut only from County. Schools revenue will remain unchanged from the planned FY 14 transfer in the adopted Five Year Plan. The proposed reductions are as follows:
 - a. <u>Concur with Chairman Stewart</u> Supervisor Candland concurs with the Chairman's proposal on the \$9.6 million cuts to programs.
 - b. Other Program Cuts Supervisor Candland's proposal calls for additional program cuts totaling \$8.1 million (shown as \$6.6 million on slide 13 of the proposal). The specific impacts are on Attachment C. The program cuts affect the following agencies:

- Development Services \$1,800,000
- Community Services \$1,780,000
- Information Technology \$1,400,000
- Executive Management \$700,000
- Communications \$650,000
- Human Rights \$553,712
- Public Works \$300,000
- Non-Departmental \$212,600
- Aging \$200,000
- Management and Budget \$27,169
- Library \$25,970
- Community Partners \$462,478
 - o Project Mend-A-House \$12,110
 - o Sexual Assault Victims Advocacy Service -\$11,117
 - o ACTS \$194,787
 - o Good Shepherd Housing Foundation -\$13,352
 - o Boys/Girls Club \$34,670
 - o Red Cross \$5,344
 - o Volunteer Prince William \$54,960
 - o The Arc of Greater Prince William \$13,868
 - o Special Olympics \$5,200
 - o Keep Prince William Beautiful \$29,160
 - o Habitat for Humanity \$5,200
 - o Independence Empowerment Center \$10,274
 - o Northern Virginia Family Service \$56,478
 - StreetLight Community Outreach Ministries -\$4,950
 - o Rainbow Riding Center \$11,008
- c. <u>Agency Base Budget Cuts</u> The proposal cuts all but five agencies by their three-year average agency savings, for a reduction of \$22.3 million. The \$22.3 million has been used in the analysis of this proposal.
 - \$3.6 Million in Base Budget Cuts Not Available –
 Some agency savings on the list supplied by Supervisor
 Candland are not available. For example, all general
 funds to Human Rights and Public Health were already
 proposed for elimination; the BOCS shifted Audit
 Services funds on November 27, 2012; the Law Library
 is fully fee supported; the Office on Youth no longer
 exists; and At-Risk Youth and Juvenile and Domestic
 Relations Court had negative turnbacks. In addition,
 general revenue surplus was included as agency

savings. Annual surpluses and deficits in general revenues are subject to the County/School revenue agreement. After accounting for these changes, the three-year average budget cuts are \$18.7 million. The additional \$3.6 million in cuts need to be identified.

- Identify \$22.3 Million in Base Budget Cuts No specific programs or activities were identified for these agency reductions. In keeping with the Chairman's directive, Supervisor Candland would need to identify specific program and service reductions for each agency as follows:
 - o To Be Determined \$3,575,884
 - o Non-Departmental \$5,729,897
 - o Information Technology \$2,613,209
 - o Public Works \$2,369,565
 - o Social Services \$1,987,095
 - o Community Services \$1,273,140
 - o Finance \$741,710
 - o General District Court \$569,648
 - o Commonwealth Attorney \$464,882
 - o Sheriff \$455,988
 - o Planning \$339,355
 - o Economic Development \$308,719
 - o Aging \$306,114
 - o Executive Management \$294,565
 - o Transportation \$259,410
 - o Clerk of the Court \$225,797
 - o BOCS \$214,397
 - o Criminal Justice Services \$171,250
 - o Registrar \$165,665
 - o Cooperative Extension \$116,014
 - o Juvenile Court Service Unit \$55,588
 - o Board of Equalization \$19,806
 - o Circuit Court Judges \$6,874
 - o Management and Budget \$4,961
 - o Human Resources \$789
 - o Magistrates \$653

- 3. Revenue Reduction This proposal reduces BPOL tax revenue (which is general revenue) by \$5,000,000. There are various ways in which the Board can implement this reduction if the proposal is adopted.
- 4. <u>Expenditure Budget Additions</u> This proposal also includes \$3.81 million in FY 14 for the following investments in the budget:
 - a. Non-Departmental (2% Employee Compensation) \$0 (already included in the Five Year Plan)
 - b. Parks and Recreation \$1.2 million
 - c. Registrar \$350,000
 - d. Police \$1 million
 - e. Fire and Rescue \$1.2 million
- 5. <u>School/County Revenue Agreement</u> The proposal keeps the Schools' revenue whole in FY 14 only, requiring no cuts or savings identified from the School's FY 14 budget.
- 6. <u>Proposed Schools' Additions</u> Supervisor Candland has proposed funding for additions to the Schools which are included below in the Five Year Plan impact. These additions are as follows:
 - Cover New Student Costs The Schools have planned for student enrollment to increase by 11,956 from FY 13-17 in their Five Year Plan. Each 2,000 students add \$26 million in ongoing expenses to the Schools budget. The costs for these new students were included in the adopted Five Year Plan.
 - Reduce Class Sizes Reducing class size by one across the entire school system costs \$15 million in ongoing costs each year. This was not included in the adopted Five Year Plan.
 - Teacher Raise A 2% raise for teachers only (the same rate as the Supervisor proposed for county employees) costs \$10 million in ongoing costs each year. The Schools have included raises for all employees in their Five Year Plan as follows: FY 14 − 1%, FY 14 − 1%, FY 16 − 2%, FY 17 − 0%. We have included 1% for FY 14 and 15; 0% for FY 16 and 2% for FY 17.

The analysis for these new School costs includes only the class size initiative and the partial support for teacher raises in FY 14-17 of the Five Year Plan as indicated above. No funding was included

for new student enrollment since it is already funded in the School's Five Year Plan

7. Five Year Plan Impact – Supervisor Candland proposes a flat tax bill in all years of the Five Year Plan. Lacking specific guidance, this analysis assumes that this proposal continues to fund the capital and operating items in the adopted Five Year Plan including the Montclair and Gainesville Libraries, the Central District Police Station and the 2006 Road Bond projects. Any reduction in these projects would provide savings in the remaining years. This proposal results in the following change to the Five Year Plan:

	FY 14	FY 15	FY 16	FY 17
Five Year Plan Revenue	\$826,595,000	\$869,837,000	\$915,530,000	\$961,425,000
Proposed Revenue	\$805,444,000	\$825,818,000	\$846,971,000	\$866,905,000
Proposed BPOL Reduction	(\$5,000,000)	(\$5,000,000)	(\$5,000,000)	(\$5,000,000)
Revenue Reduction	(\$26,151,000)	(\$49,019,000)	(\$73,559,000)	(\$99,520,000)
County Reductions	(\$36,462,000)	(\$34,962,000)	(\$34,962,000)	(\$34,962,000)
County Additions	\$3,809,000	\$5,981,000	\$6,010,000	\$8,569,000
School Reductions	\$0	\$0	\$0	\$0
Proposal Total	(\$32,653,000)	(\$28,981,000)	(\$28,952,000)	(\$26,393,000)
Surplus/(Deficit)	\$6,502,000	(\$20,038,000)	(\$49,607,000)	(\$73,127,000)
Proposed Schools Additions	\$20,000,000	\$40,000,000	\$55,000,000	\$80,000,000
Surplus/(Deficit)	(\$13,498,000)	(\$60,038,000)	(\$104,607,000)	(\$153,127,000)

8. Impacts of Supervisor Candland's Proposal:

- a. Average Tax Bill Impact This proposal results in an average flat tax bill of \$3,304 in FY 14 which is a reduction of \$132 from the planned increase in FY 14. The proposal also calls for the average tax bill to remain flat in all remaining years. Homeowners with average tax bills or lower than average tax bills would not pay any more in real estate taxes through FY 17.
- b. Revenue Impact The proposal (including funding the Schools initiatives recommended by Supervisor Candland) reduces general revenues by \$26 million in FY 14, \$49 million in FY 15, \$73.5 million in FY 16 and \$99.5 million

in FY 17 (including a \$5 million annual reduction in BPOL revenue) for a total revenue reduction of \$248 million.

c. <u>Principles of Sound Financial Management</u>

- <u>Balanced Five Year Plan</u> The Principles call for the adoption of a balanced Five Year Plan. Additional operating or capital reductions need to be identified to balance the remaining years of the plan.
- <u>County/School Revenue Agreement</u> The agreement is effectively voided in FY 14 and proposed to be discarded beginning in FY 15.
- Cut Agency Year-End Savings Supervisor Candland proposes to cut \$22.3 million from the budget by cutting the year-end savings of all but five agencies by their three year average. We have spread this \$22.3 million out to all agencies and the specifics of that are in Attachment C. Supervisor Candland will need to provide staff guidance on the specific cuts to agency program services to achieve this reduction in order to ensure that the savings are achieved. Year-end savings are currently used by the Board and community in three ways that will no longer be available:
 - Turnback/revenue for next budget \$7.2 million
 - Fund the Technology Improvement Plan with cash \$5.5 million
 - Cash to capital items/reserves \$9.6 million
 - Total savings cut from budget \$22.3 million
 - Agency Savings Are a Revenue Source in the Next Year's Budget called Turnback – \$7.2 million in agency savings are a revenue source (just like sales tax or real estate tax) to fund the base budgets of agencies in the next year's budget. This BOCS policy reduces the average residential tax bill. Without this revenue source, all agency base budgets (except Police, Fire, County Attorney, Library and Public Safety Communications exempted by Supervisor Candland) would have to be cut.

- Agency Savings Fund the County's Technology Improvement Program – Agency Savings fund \$5.5 million in technology projects. This allows the County to save up for big technology projects that cannot be debt financed. Past uses of this money include the 800 MHz system, the Land Use System and the Real Estate Assessment System. The technology projects planned which use this funding include the following. These projects would need to be eliminated or the funding added to the budget:
 - Police and Fire Records Mgmt. System \$4 million
 - Financial Mgmt. System \$10 million
 - Disaster Recovery \$1 million
 - Systems Maintenance \$28 million
- Agency Savings Support Cash to Capital Items and Reserves that Would Otherwise Need to be Funded in the Annual Budget – The remainder of the savings anticipated by Supervisor Candland (\$9.6 million) fund one-time items and reserves. Some items funded in the past include:
 - 2006 Road Bond Contingency Reserve to fund contingencies in the road bond projects to avoid selling additional debt
 - Revenue Stabilization Reserve that has allowed the county to mitigate the impacts of the Great Recession while keeping tax bills low
 - <u>Undesignated Fund Balance</u> Savings helped build the 7.5% fund balance which contributed greatly to the three AAA bond ratings which have saved the County \$32m (and counting) in debt service
 - <u>Lights at sports fields</u> added (most recently Veterans Park football fields)
 - New trails and byways
 - <u>Intellectually Disabled Citizen Support</u> Contribution to the non-profit facility (ARC) that serves the intellectually disabled in the community

Response to Budget Proposals Presented November 20, 2012 December 4, 2012 Page 17 of 19

- Replace Automatic Defibrillator Equipment in all ambulances
- <u>Woodbridge Senior Center</u> parking lot expansion
- <u>Public Works</u> fuel increases for county vehicles, primarily Police.
- <u>Public Works</u> sprinkler system for heavy equipment shop
- <u>Judicial Center</u> Jury parking lot repairs

Future one-time use of agency savings would be unavailable. Some planned uses include:

- Completing contribution for ARC Intellectually Disabled
- County Reserves and Fund Balances
- Sports Fields improvements
- One time expenditures not in budget
- d. Impact on Schools – The proposal keeps the planned FY 14 revenue transfer to the Schools at \$468.2 million. Keeping the Schools whole in FY 14 effectively voids the County/School revenue agreement and increases the Schools share of all general revenues from 56.75% to 60.6% and reduces the County's share from 43.25% to 39.4%. Beginning in FY 15 the revenue agreement would be "discarded" and the School Division would be required to request what they need to fund the Schools. Adding these costs to the Five Year Plan with the proposed average flat tax bill and the BPOL revenue reduction results in five year plan deficits as shown below. If the revenue agreement were to change in order to fund the Schools' needs (including the items endorsed by Supervisor Candland above) then the result would be the Schools receiving 72.1% of all General Revenues by FY 17 and the County budget being cut by almost \$175 million annually by FY 17.

	FY 14	FY 15	FY 16	FY 17
Schools Share of Adopted 5 Year				
Plan <u>plus</u> Additional School Funding for 3 Initiatives	\$488,255,000	\$532,786,000	\$573,700,000	\$624,729,000
Schools Funding Required as a				
Percentage of Total General Revenue (no agreement)	60.6%	64.5%	67.7%	72.1%
County Share of Total General Revenue	39.4%	35.5%	32.3%	27.9%
Resulting County General Revenue under a Flat Tax Bill Scenario	\$317,189,000	\$293,031,000	\$273,270,000	\$242,175,000
County Revenue Decrease Compared to the Adopted 5 Year Plan	(\$41,151,000)	(\$84,019,000)	(\$123,559,000)	(\$174,520,000)

e. <u>Program/Service Impacts</u> – The impacts of the \$8.1 million in cuts identified in the proposal to residents and community outcomes are found on Attachment C. Some of the potential impacts of the \$22 million in cuts to community outcomes and FTEs are also shown on Attachment C. Other impacts to agencies cannot be analyzed until proposed program and activity reductions are identified by the Supervisor.

f. <u>FTE Impact</u> – The impact is as follows:

- Reductions in County FTEs 191.73 FTEs are eliminated in this proposal. The agency savings reduction percentage has been applied to each agency's total FTE count to provide an estimated FTE reduction. This will be recalculated when the specific program/activity reductions are identified.
- Reduction in State FTEs This is a decision for the Commonwealth if the decision is made not to fund state agencies to the current levels of service.
- Addition of FTEs This proposal adds 10 FTEs to the Police Department in FY 14 and provides \$1.2 million for an unspecified number of fire fighters.

- g. Affordable Care Impact on Public Health District As noted by the Board, the Affordable Care Act has the potential to provide health insurance to residents of Prince William who currently use Public Health services. If Virginia decides to expand Medicaid eligibility, the number of county residents that may become eligible for Medicaid increases from approximately 36,000 to 49,000 (based on 2010 information). These residents then could potentially find care through the regular health care system. All eligible residents must meet federal citizenship requirements including valid social security numbers as well as proof of residency in the Commonwealth of Virginia.
- h. <u>Legal</u> The revenue sharing agreement would need to be rescinded. No assessment can be made of the legal impacts of this proposal on the County budget until the remaining \$22 million in cuts are identified by program/activity. In accordance with the Code of Virginia, the Board adopts the Schools budget. The School Board is responsible for the allocation and oversight of the Schools budget in its entirety.
- **III.** No Recommendation This report is provided at the Board's request in preparation for the budget guidance to the County Executive and the School Board.

MOTION: MAY

May 8, 2012

SECOND: CADDIGAN

Regular Meeting Res. No. 12-514

RE:

DIRECT STAFF TO PREPARE VARIOUS SCENARIOS FOR

CONSIDERATION BY THE BOARD AT THEIR ANNUAL FINANCIAL

RETREAT IN PREPARATION FOR FY2014 BUDGET PROCESS

ACTION:

APPROVED

WHEREAS, the adoption of the Fiscal Year 2013 Budget, and related fees, was voted at the meeting of the Board of County Supervisors held on April 24, 2011; and

WHEREAS, the Board of County Supervisors recognizes that immediately after the adoption of the annual budget, staff begins their preparations for the adoption of the next fiscal plan scheduled to take place in the month of April of the following year; and

WHEREAS, during Supervisor's Time at the May 8th meeting, Supervisor May requested a Directive to staff to outline numerous scenarios to assist the Board in their determination of what annual budget direction they will give to the County Executive in the preparation of the budget documents for FY2014, at the planned annual Financial Retreat of the Board of County Supervisors; and

WHEREAS, Supervisors Caddigan and Principi in agreement with the request for a Directive, further enhanced the original request with additional suggestions for consideration;

NOW, THEREFORE, BE IT RESOLVED that the Prince William Board of County Supervisors does hereby direct staff to prepare various scenarios for consideration by the Board at their annual financial retreat, in preparation for the FY2014 budget process, which includes the following:

Schools to receive 56.75% General Revenues

Follow the Board's adopted Strategic Policy that states Economic Development, Transportation and Public Safety are the Board's top priorities

Follow the Board's Risk Matrix determining operations priorities

County maintain AAA Bond rating

 PWC would not back stop cuts coming from Federal Government or Commonwealth of Virginia

Flat Tax Bill scenario and necessary cuts to achieve that five year plan

Flat tax Rate scenario and necessary cuts to achieve that five year plan

Reduce anticipated tax growth within the five year plan by ½% each year and necessary cuts to achieve that five year plan

Increase tax growth by ½% throughout life of five year plan and various improvements that might be made

Policy that would leave the 4% that was directed

Reduce the tax bill growth by 1% per year and necessary cuts to achieve that five year plan

May 8, 2012 Regular Meeting Res. No. 12-514 Page Two

- Increase tax bill growth by 1% and service delivery improvements that could be made
- School staff be requested to participate
- That the critical unmet needs throughout the County be inclusive and scenario offered as to how we could pay for some of those needs

Votes:

Ayes: Caddigan, Candland, Covington, Jenkins, May, Nohe, Principi, Stewart

Nays: None

Absent from Vote: None Absent from Meeting: None

ATTEST: Jally a June Cherk to the Board

Chairman Stewart Budget Proposal Summary

Agency	Eliminate/Base Budget Reduction/Addition/Shift	Operating/Capital	Description	FY 14	FY 15	FY 16	FY 17	FY 14 FTE Impact	Impact	Risk Score
Juvenile Court Services Unit	Base Budget Reduction	Operating	Intensive Supervision (state agency/responsibility)	(\$448,934)	(\$448,934)	(\$448,934)	(\$448,934)	(5.00)	Provides higher level of supervision and intervention for youth who are serious offenders. 160 intensive supervision cases completed in FY 11. 57 juveniles supervised monthly in FY 11.	
Juvenile Court Services Unit	Base Budget Reduction	Operating	Restorative Justice (state agency/responsibility)	(\$177,438)	(\$177,438)	(\$177,438)	(\$177,438)	0.00	Contractual services for dispute resolution and mediation referred by intake services for juveniles accused of committing offenses. 2,806 disputes referred to Dispute Resolution Services in FY 11. 1,140 mediated disputes resolved by agreement in FY 11. 79 restorative justice offenders served in FY 11.	16
Public Health	Eliminate	Operating	Prenatal Care (state agency/responsibility)	(\$717,871)	(\$717,871)	(\$717,871)	(\$717,871)	0.00	Health Department performance measures are based on the joint funding reflected in the FY 12 contract. Approximately 700 uninsured low income women received prenatal services which helps arrange delivery at local hospitals in FY 12. The State may have to lay off employees if County funding is eliminated or reduced.	17
				(4400 700)	(4.00.700)	(4400-70)	(4400 700)	(0.50	Health Department performance measures are based on the joint funding reflected in the FY 12 contract. County code chapter 23 would have to be revised. In FY 12, 85 on-site sewage applications were completed. The State will be responsible for homeowner oversight. The State may have to lay off employees if County	
Public Health Public Health	Eliminate	Operating Operating	On-site Sewage System Permits and Maintenance (state agency/responsibility) Water Supply Protection (state agency/responsibility)	(\$180,729) (\$44,474)	(\$180,729) (\$44,474)	(\$180,729) (\$44,474)	(\$180,729) (\$44,474)		funding is eliminated or reduced. Health Department performance measures are based on the joint funding reflected in the FY 12 contract. County code 30.1 would have to be revised. In FY 12, 143 well samples were collected for bacterial contamination. The State will be responsible for oversight. The State may have to lay off employees if County funding is eliminated or reduced.	15
Public Health	Eliminate	Operating	Inspection Services (state agency/responsibility)	(\$334,262)	(\$334,262)	(\$334,262)	(\$334,262)	0.00	Health Department performance measures are based on the joint funding reflected in the FY 12 contract. The GF support in this activity primarily is for the food establishment inspection function conducted by State FTE. The State charges an annual inspection fee to establishment owners. The fee went from \$40 in FY 09 to \$285 in FY 11. However, the State lowered the fee in FY 12 back to \$40. General Assembly action is required to change the fee. County code 10, 12 and 25.1 which pertain to concessions stands, massage establishments and swimming pool/hot tubs would need to be revised. The State will be responsible for oversight. The State may have to lay off employees if County funding is eliminated or reduced.	
Public Health	Eliminate	Operating	Other Communicable Disease Services (state agency/responsibility)	(\$782,372)	(\$782,372)	(\$782,372)	(\$782,372)	(2,61	Health Department performance measures are based on the joint funding reflected in the FY 12 contract. 333 Tuberculosis (TB) patients receiving therapy and suspected TB case follow-ups were treated in FY 12. The State may have to lay off employees if County funding is eliminated or reduced.	, 15
Public Health	Eliminate	Operating	Sexually Transmitted Disease and AIDS Services (state agency/responsibility)	(\$297,215)	(\$297,215)	(\$297,215)	(\$297,215)		Health Department performance measures are based on the joint funding reflected in the FY 12 contract. In FY 12, over 1,400 persons were seen for STD services and 142 were admitted for AIDS drug assistance services. The State may have to lay off employees if County funding is eliminated or reduced.	
Public Health	Eliminate	Operating	Women's Wellness (state agency/responsibility)	(\$418,464)	(\$418,464)		(\$418,464)		Health Department performance measures are based on the joint funding reflected in the FY 12 contract. Over 1,650 women were served by women's wellness clinics. The State may have to lay off employees if County funding is eliminated or reduced.	14

	Eliminate/Base Budget									
Agency	Reduction/Addition/Shift	Operating/Capital	Description	FY 14	FY 15	FY 16	FY 17	FY 14 FTE Impact	Impact	Risk Score
									This funding is for one time design work to refurbish the 2nd	
									and 3rd floors of the main jail. Building is over 30	
									years old and building systems are in need of repair.	
									Plumbing parts are difficult to obtain and the	
									bathroom areas require significant work. The ADC	
									has a critical need for an assessment of the facility	
									to determine future work while the area is still	
									usable. This is becoming a safety /security issue for	
									inmates and staff. FY 11 average daily population	
Adult Detention Center	Addition	Operating	Main Jail Repair & Maintenance	\$100,000	\$0	\$0	\$0	0.00	for Manassas Complex is 866.	20
				· · · · · · ·	,				A Correctional Nurse is needed to supervise one	
									of the night teams. Currently there is only one	
									supervisor resulting in three nights per week	
									where a nursing supervisor is not present.	
									Adding this FTE will provide 24/7 coverage with	
									each shift having a nursing supervisor and will	
									improve the staff to inmate ratio from 73% of	
									Compensation Board standard to 77%. The	
									existing level of service falls below accepted	
									professional standards. In FY 11, 7,805 inmates	
Adult Detention Center	Addition	Operating	Add Correctional Nurse III	\$92,400	\$92,400	\$92,400	\$92,400	1.00	received in-house medical treatment.	18
									Federal regulations require that compliance with	
									the Prison Rape Elimination Act must be	
									implemented in FY 14. Not taking this action will	
									place the ADC in non-compliance. This is a safety	
Adult Detention Center	Addition	Operating	Prison Rape Elimination Act Compliance	\$50,000	\$50,000	\$50,000	\$50,000	0.00	/security issue for inmates and staff.	18
									ADC currently has 25 vehicles of which 3 are more	
									than 10 years old and 4 with over 100K miles. The	
									ADC is not part of the county fleet replacement	
									program. With 24/7 heavy use, these vehicles require	
									significant maintenance due to high mileage, vehicle	
									age and type of use. This funding would provide a	
									consistent replacement schedule of 2 vehicles per	
									year for more reliable transport of inmates. This is a	
									safety/ security issue for both inmates and staff. In FY	
									11, 7,541 inmates were transported to court,	
			Replace 2 Vehicles per Year for Inmate Transportation (25 vehicles need						correctional, medical or mental facilities in ADC	
Adult Detention Center	Addition	Operating	replacement)	\$75,000	\$75,000	\$75,000	\$75,000	0.00	vehicles.	16
									In the FY 10 budget the Fire & Rescue Staffing Plan	
									was eliminated in the 5 Year Plan due to financial	
									constraints. It is restored at a reduced level in FY	
									16. This requests restoration of 30 uniform and 4	
									non-uniform or specialty positions in FY 14 and 15.	
									Consistent increase of staffing needed to address	
									community growth and increased demands, call	
									volume, complexity of incidents and safety and	
									security of emergency responders.

									CPS: CPS Investigations has increased 25 % from FY 11 to FY 12. FY 11 the Department 2559 allegations of abuse and/ or neglect which increased to 3,198 in FY 12. Program is currently out of compliance with state regulations mandating investigations to be completed within 45 days; currently it takes 60 days to complete the investigation. The additional staffing would support reduce a 20% reduction in caseload for CPS workers and bring down the number of days from 60 to 45. The recidivism rate would be reduced by 10%; the current recidivism rate is 1.9 % for PWC. CPS Program receives an average 69 multiple referrals per month. These are families that the Department has had previous involvement. APS: APS investigation complaints have more than doubled	
Social Services	Addition	Operating	Adult Protective Service Child Protective Service (5 FTE)	\$392,020	\$392,020	\$392,020	\$392,020	5.00	(217%) from FY 10 to FY 12. The total number for APS investigations for FY 2010 was 214. in FY 12 there were 466 APS investigations. The requested staffing would reduce the investigation time by 50 % from 5 weeks to 2.5 weeks. Multiple referrals for APS is 7.8% of monthly APS referrals; this should drop to less than 4% with the additional positions.	19
Social Sci Vices	Addition	Орегили	Additivated Service Simulation Service (STTE)	<i>\$352,020</i>	\$352,020	<i>\$332,020</i>	4332,020	3.00	The Molinari Shelter is a 24/7 operational cc-ed facility for up to 15 youths. Weekend and evening staffing is currently provided, but no counselors are available to supervise youth. Additional staffing is needed to reduce and prevent crisis incidents such as assaults, runaways, and disruptive behaviors that have escalated to the point of requiring involvement by law enforcement to maintain order at the shelter. Two FTE will reduce/prevent crisis incidents requiring law enforcement support by	
Social Services	Addition	Operating	Molinari Shelter Team Leaders (Counselors) (2 FTE)	\$116,119	\$116,119	\$116,119	\$116,119		35% or a decrease from 66 to 43 incidents. Consolidate all homeless services such as Hilda Barg Homeless Shelter, the Drop-In Center and Winter Shelter in an effort to streamline resources as a response to homelessness in PWC. The goal is to partner with a well established provider that specializes in homeless services that would have the influence to leverage the resources through grants as well as utilizing their existing corporate support. With this additional resource, improve our rate of rapid re-housing could be improved by 25% or 80 additional clients. In FY 12, 316 clients were rehoused in conjunction with Housing Relocation & Stabilization	
Social Services	Addition	Operating	New Drop-in Center and Cold Night Shelter Service Contract	\$100,000	\$100,000	\$100,000	\$100,000	0.00	Services. The Building Code Enforcement Program manages approximately 700 cases on an annual basis. Average number of days from complaint opened for work without a permit to initial investigation Current - 57 days Proposed - 30 days Average number of cases that fall outside the Statute of Limitations based on the time of County inspections Current - 35 cases	15
Development Services Development Services	Addition	Operating Operating	Building Code Compliance Inspector (1 FTE) GF Support for Development Services	\$125,000 \$550,000	\$133,000 \$550,000	\$133,000 \$550,000	\$133,000 \$550,000		Development Agency program expenditures continue to outpace development fee revenue. The projected budget deficit for FY 14 is \$1.4 million dollars. The General Fund support will enable staffing to workload ratios to remain at acceptable levels, which will enable the County to meet service level expectations. The General Fund suppor will enable the County to remain competitive with other jurisdictions in terms of the development fees charged for services.	e rt

The bulk of this turnback is debt service savings. In FY 12, staff analyzed the debt process and realized debt service savings for CIP projects. These savings will not available in the future because we now more accurately budget for debt service payments. For example, in FY 10 we recognized \$4.7M in debt savings, in FY 11, \$3.8M and in FY 12 we recognized \$300K.	be

8 VCE - Operating expenses	\$2,500
	\$409,510
Grand Total	\$28,436,493

GENERAL FUND - ATTACHMENT D FY 2008 CARRYOVER RECOMMENDATION TO FY 2009

A. Board	l Committed:	Amount
*1.	Fund Balance Maintenance at 7.5% of GF Revenues	\$1,961,233
*2.	Turnback to support the FY 09 budget	\$7,885,471
*3.	Turnback to support Technology in the FY 09 budget	\$5,500,000
		\$15,346,704
Other	· Items	
1.	Public Works: Fleet Gasoline- This carryover begins to address a budget	\$87,509
	challenge we will face during FY2009. At current prices it is anticipated that	
	the cost of fuel will exceed the FY 09 budget by approximately \$1.0 million. If	
	fuel prices should increase by 25% during FY 09 the cost of fuel will exceed	
	the FY 09 budget by approximately \$1.8 million.	
		\$87,509
C. Ongo	ing Technology Items:	
1.	Commonwealth Attorney- Call Assistant Phone System	\$15,600
2.	Office of the Sheriff; Mobile Data Computer (MDC) Replacement	\$58,698
